

ROTONMOLD

The **Epic V5 and V7** Rotomolded surfskis open up a whole new world to performance paddling. Excellent stability makes it easy for anybody to jump in and go. Sleek lines and Epic's comfortable surfski cockpit make it fun for paddlers of all sizes and skill level. Our proprietary foam core construction creates stiffness unmatched in typical plastic kayaks.

The V5 and V7 come standard with under hull rudder, adjustable foot brace (including pedals that automatically adjust line length), rear storage compartment, bow, stern, and center carry handles, water bottle holder and Epic's patented bailer. An optional overstern kick up rudder can be added (no modifications needed) to allow the V5 and V7 to be paddled in shallow or rocky areas.
