

PACE 18

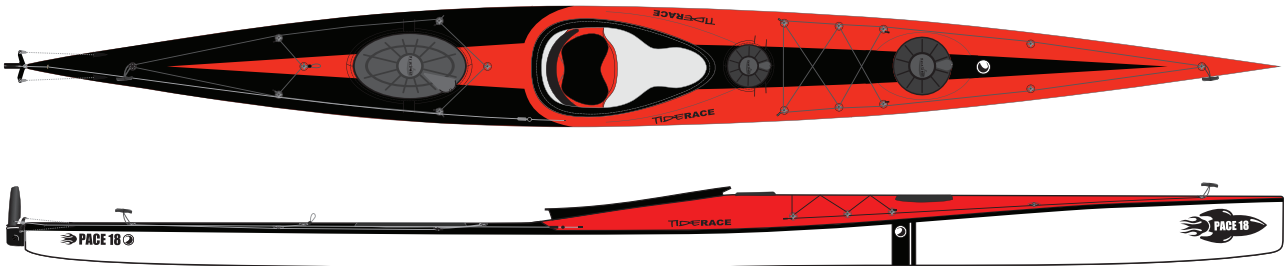

PERFECT FOR FITNESS TRAINING, FAST LIGHTWEIGHT TOURING AND SEA KAYAK RACING.

Designed for efficient cruising at over 5 knots, Pace is a stable and seaworthy kayak designed for adventurers with an "alpinist" approach to expedition kayaking. Pace has proven its competitive advantage on the sea kayak racing scene – its computer designed hull is capable of sustaining high speeds efficiently. Its expedition cockpit layout gives the paddler full interaction with the boat, a feature synonymous with all Tiderace kayaks.
