

Introducing the...

# ***epic*** **V8 PRO**

The all new **Epic V8 Pro** is the perfect boat for those who want a performance upgrade from our popular V8. The V8 Pro adds a foot (30 cm) of length and takes nearly 1.5" (4 cm) off the width, creating a surfski that is livelier and faster. The V8 Pro fits perfectly between the Epic V8 and the V10 Sport in terms of speed and stability.

The V8 Pro includes the same great outfitting features of the V8, including the bow, stern and center carry handles, water bottle holder, and the patented Epic bailer.

The V8 Pro will fit paddlers from 4'10" to 6'5" in height. The reduced hump under knees will be appreciated by smaller paddler. Tall people between 6'5" and 6'7" will be better suited in the V8 or V10 Sport.

## SPECIFICATIONS:
